# School Overview

The Village School of Naples began as The Caring Place Preschool in 1985 as an outreach at North Naples United Methodist Church. In 2000, the church relocated to the present campus and added the K-5 elementary school. In 2006, TVS was accredited by the Florida Council of Independent Schools and later became a member of the National Association of Independent Schools. In 2009, the Middle School was created, adopted a STEAM centered curriculum and TVS became the first certified independent STEAM school in Collier county. In August 2016, the Upper School was established with a robust college preparatory program which included college visits, career fairs and impressive ACT & SAT practice test results. The Upper School continues to grow in strides as a result of highly qualified faculty, Responsive Classroom Approach with SEL, and focus on Christ Skills. TVS has maintained its original mission and holds a unique position in the Naples community.

## Mission

It is our mission To Provide an environment that  
EMPOWERS and INSPIRES students to think and  
CREATE solutions to challenges in an ever-changing  
world

## The Program

Each day the hallways and classrooms of The Village School of Naples are filled with activity and student movement designed to create the most dynamic STEAM (Science, Technology, Engineering, Arts and Math) educational journey for our students. Employing the use of social-emotional learning and understanding of the cognitive developmental stages of our students, our highly qualified and invested faculty create a progressive curriculum that stimulates the mind and inspires students to think, design and create in all disciplines. It is this practice that sets the Village School apart from more traditional institutions of learning. This fundamental belief and practice, along with the Village School's guiding principles, vision, and mission, create a framework for designing and connecting powerful learning experiences for all Village School students.

# The Portrait of a *TVS Teacher*

**TEACHER AND LEADER**

**WILLINGNESS TO INNOVATE**
